An Aerospace, Defence & Space Technology Show

DEFTECH Bharat

brochure 2027

19-20-21 May 2027

BIEC® Bangalore International Exhibition Centre

an ELE Times event

about the show

DEF-TECH Bharat 2027 is a prestigious global event scheduled to be held from May 19 to May 21, 2027, at the Bangalore International Exhibition Centre (BIEC) in Bangalore, India.

It serves as a prominent platform for the exhibition of cutting-edge technologies in the defense and aerospace sectors i.e design, technology development, technical collaboration, system integration services for Aerospace & Defense equipment and systems.

This annual event provides a comprehensive showcase of advanced technologies spanning air, land, sea, and space domains, attracting product innovators/developer, design engineers, senior leaders, and decision-makers from various parts of the world who are keen on exploring the latest technological developments and solutions.

DEF-TECH Bharat, is an innovative platform aimed at cultivating cooperation and advancing state-of-the-art defense solutions. This initiative offers distinctive prospects for Original Equipment Manufacturers (OEMs), tier-1 suppliers, prime manufacturing contractors, governmental bodies, and defence forces to participate in the exploration of emerging trends and pivotal technological advancements within the defense and space domain.

why exhibit?

Engage with Decision-Makers
Meet high-level representatives from Defence Manufacturing Companies (Public & Private) & OEMs.

Showcase your cutting-edge technologies
Display your technologies/products/services to a vast audience of engineers involved in the Design, R&D and manufacturing, product engineers, project heads, government agencies & other key people of the Defence & Space Sectors.

Strengthen Global Partnerships:
- Forge connections with international stakeholders.
- Increasing brand/product awareness
- Generating new sales leads
- Strengthen your network into the Aerospace, Defence & Space sectors

what to expect at DEF-TECH Bharat 2027

Extensive Exhibition
Featuring 200 exhibitors from Bharat and 12 other countries, DEF-TECH Bharat 2027 showcases advanced products and technologies tailored for the Aerospace, Defence & Space Sectors.

Strategic Dialogues
Over 20 conferences and seminars will address current challenges and opportunities within the technology landscape in the realm of defence sector and offering insights from leading experts in the technology domain.

Live UAV Demonstrations
See the real-time capabilities of emerging drone technologies in operational scenarios.

Procurement & B2B Matchmaking
Direct engagement with procurement officers, OEMs, and international buyers.

Product Launches
Be the first to witness the unveiling of the latest defense and aerospace technologies.

Technology Tours
Guided walkthroughs providing a curated look at transformative defense technologies.

exhibitor profile

Design Engineering & IT Solutions

- Aircraft & Subsystem Design
- Avionics
- Critical Components Design
- Product Development
- Software & Stimulations
- IT Solutions
- Design & Simulation
- 3D Printing
- Rapid Prototypes

Other Tools & Suppliers

- Measurement, Inspection and Analysis
- High Performance Fabrics, Glass
- Aviation Oils & Lubricants
- After Market – Spare, Parts & Services
- Safety Related Equipment's
- Rubber Components
- Protection & Armouring

Electronics Components

- Semiconductor
- Sensors, imaging & radar
- Design for avionic
- Analog and embedded processing products
- High reliability motor control
- High reliability vehicle electrification
- Space satellite payload solutions
- Spacecraft bus solutions for satellite system design
- Microcontrollers (MCUs)
- Companion ICsConnectivity interfaces
- MemoryPower management
- RF solutions
- Connectors
- Harnessing Accessories & Identification
- High Performance Relays & Contractors
- Rugged Fiber Optics & Cable Assemblies
- Wire & Cables
- Termination Devices, Splices & Crimp
- Aircraft Wiring
- Actuation
- Power Distribution Assemblies
- RF & Microwave Components
- High-reliability products for space, avionics and defence electronics designs

Maintenance Repair & Overhaul (MRO)

- IT Solution Providers
- Tools Manufacturer
- Airport Equipment's & Services
- Hardware
- Lightning
- Hydraulics & Pneumatics
- Parts Distributors
- Fuel & Lubricants
- Cleaning

Producers of:

- Groceries and equipment for meal preparing, storage and transportation
- Medical equipment and materials
- Individual first aid kits
- Equipment and materials for chemical services
- Fuels, exploitation liquids and equipment for their distribution and storage

Institutions and companies designing and manufacturing:

- Radioelectronic and optoelectronic equipment
- Communication and information technologies
- Metrology equipment
- Components, equipment, and systems of people and property protection

why visit?

Learn About Innovative Capabilities

Explore cutting-edge defense technologies and services designed to meet evolving operational demands.

Engage with Leaders

Network with military commanders, defense ministers, and top-tier officials.

Attend this event

Attend this event for a chance to interact with cutting-edge innovations and technological advancements in the industry.

Connect with industry professionals

Connect with industry professionals, acquire insights into current trends, and explore potential collaborations.

Discover Innovations

Explore the latest advancements in military technology, and defense infrastructure presented by global technology suppliers.

Stay Ahead of Trends

Gain insights into emerging technologies and strategic developments through expert-led discussions and presentations.

Given the recent opening

Given the recent opening of the defense technology sector in Bharat, numerous private enterprises and Start-ups are actively developing new technologies. Take advantage of the opportunity to engage with these companies all in one convenient location.

visitor profile

By Industry

Private and Public Sector Defence & Aerospace Companies & OEMs

Delegation from the departments like – R&D, Design, Manufacturing, QC, Top and Middle Management, Purchase/Procurement and others.

Other Allied Industries

Start-Ups, Defence Component Manufacturers, Defence Ancillary Companies, Rechargeable Batteries Manufacture, Academia & Institutions, Consultants, Investors, System Integrators, Associations, and Enthusiast.

Defence Labs

Scientists/representative and research personals from the Labs like:
HAL, ACEM, ANURAG, ASL. ADRDE, ADE, ARDE, CABS, CAIR, CAS, CEMILAC, CEPTAM, CFEES, CHESS, CMSDS, CVRDE, DARE, DEBEL,DEAL, DESIDOC, DFRL, DIBER, DIC, DIHAR, DIPAS, DIPR, DL, DLRL, DMSRDE, DMRL, DRDE, DRDL, DRL, DTRL, GTRE, HEMRL, INMAS, ISSA, ITM, IRDE, ITR, JCB, LASTEC, LRDE, MILIT, MSC, MTRDC, NMRL, NPOL, NSTL, PXE, RAC, RCI, RIC, SAG, SASE, SFC, SSPL, TBRL, VRDE, ADE, NSTL, LRDE, DIPAS, DRDE, DMSRDE, CAIR, ARDE, DIAT

PSUs

Representatives of State Authorities of the Govt. of India, Delegations from Military Headquarters and Embassies, Representatives of Defence Ministries and other related State and Central Government Bodies & Authorities
ment, Purchase/Procurement, Manufacturing Teams, Quality Control & Consultants

By Job Function

Scientists D-H, Design Engineers, Application Engineers, Embedded System Engineers, Validation Engineers, Software Engineers, Engineers – E&E, Engineers – Mechanical, Defence Design engineers, Research & Development, System Architects, Top Management, Middle Management, Production Management, Purchase/Procurement, Manufacturing Teams, Quality Control & Consultants

about organizer

New Delhi Print Media Pvt. Ltd., the publishers of 'ELE Times', Asia's most popular magazine on electronics & technology, is organizing The DefTech Bharat exhibition.

The company has an experience of more than 15 years in the technology media domain with Exhibitions, Print, Online, Digital and Social platforms. The company has an experience of supporting more than 25 major successful trade fairs globally as their main official media partners. The company is conducting Deftech Bharat, an Aerospace, Defence & Space Technology exhibition and Deftech Con from 2025.

about the venue

Bangalore International Exhibition Centre (BIEC), Bengaluru, India

BIEC, a 57-acre venue, is connected to around 100 destinations worldwide. With a built-up area of 1,10,000 square metres, an indoor exhibition space of 77,200 square metres, 5 exhibition halls, conference centre, food court, entrance plaza, and ample parking space, BIEC offers a state-of-the-art venue for exhibitions, conferences, meetings, and corporate events.

Envisioned by the Indian Machine Tool Manufacturers' Association (IMTMA), every important industrial sector finds in BIEC an international venue. As a sought-after venue, it has hosted more than 400 events since 2007 including many national and international ones.

As a classic example of the adoption of green practices, BIEC encourages eco-design to create an optimum balance between economics and environment-friendly requirements. All this is done with a no-compromise approach to basic health and safety regulations.

prices & packages

PARTCIPATION CHARGES

PER SQM

Types of Participation	Domestic - INR	International - USD
Standard Booth (Shell)	14000	200
Bare Space	12000	180

PAYMENT PLAN

Types of Participation	Front Area	Other Area
At the time of booking	50%	30%
To be paid by 15 January 2027	50%	40%
Before 1 March 2027	-	30%

ELECTRICITY CONNECTION CHARGES FOR 3 DAYS

KWA	Prices In INR	Prices Inclusive (GST @ 18%)	Prices In USD
1	4000	4720	55
2	8000	9440	110
3	12000	14160	165
4	16000	18880	220
5	20000	23600	275
6	24000	28320	330
7	28000	33040	385
8	32000	37760	440
9	36000	42480	495
10	40000	47200	550

Any exhibitor opting for extra electricity requirement, the above rates would be applicable

prices & packages

SHELL SCHEME FACILITY - Per 9 SQM

- Pre-fabricated stall includes-
- Fascia Name (Company's Name on Stall)
- Carpeted Booth
- 1 Table
- 3 Spotlights
- 5 Exhibitor Badges
- 5A plug point
- Electricity for stall lighting during exhibition is included
- 1 Dustbin
